INTELLIGENT BALL MACHINES MANUFACTURER

Dongguan SIBOASI Sports Goods Technology Co., Ltd.

Intelligent Basketball Equipment

SS-K2

Product Parameter

Voltage	AC 100-240V
Serve height	1~3m
Net weight	107KG
Ball size	6# or 7#
Max power	170W
Serve distance	4-10m
Product size	166*236.5*362cm

Product Features

- 1.Fixed-point drills
- 2.Horizontal random drills
- 3.Adjustable elevation angles

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Mobile APP and smart remote control is optional, easy to operate;
2. Intelligent induction serving, variety serving modes available;
3. The speed and angle can be adjusted in multiple levels according to different demands;
4. Folding net to save space, moving wheels to change the venue easily;
5. No need to pick up the ball, single or multi-player can practice repeatedly at the same time to strengthen the physical fitness endurance and muscle memory;
6. Various challenging professional drills to quickly improve player's competitiveness.

Intelligent Basketball Equipment

SS-K3

Product Parameter

Voltage	AC 100-240V
Serve height	1~3m
Net weight	107KG
Ball size	6# or 7#
Max power	170W
Serve distance	4-10m
Product size	166*236.5*362cm

Product Features

- 1.Fixed-point drills
- 2.Horizontal random and 60 drills choosable
- 3.Adjustable elevation angles

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Mobile APP and smart remote control is optional, easy to operate;
2. Intelligent induction serving, with unique spin function, variety serving modes available;
3. The speed and angle can be adjusted in multiple levels according to different demands;
4. Folding net to save space, moving wheels to change the venue easily;
5. No need to pick up the ball, single or multi-player can practice repeatedly at the same time to strengthen the physical fitness endurance and muscle memory;
6. Various challenging professional drills to quickly improve player's competitiveness.

Intelligent Basketball Equipment for Teenagers

SS-K6809P2

Product Parameter

Voltage	AC100-240V
Product size	113*62*160.5cm
Ball capacity	1~3 Balls
Ball size	5# or 6#
Max power	360W
Serve distance	3.5~10m
Frequency	2.8~7s/ball
Backboard lift	2.35~2.75m
Net weight	140KG

Product Features

- 1.Fixed-point drills
- 2.Horizontal drills
- 3.Adjustable speed and frequency
- 4.Adjustable elevation angles

Click/Scan the QR code for its video

Remote

Product Highlights

1. Double net design with backboard, adjustable height according to the player's level;
2. Wireless control, Intelligent induction, multi serving modes automatically;
3. The speed, frequency and angle can be adjusted in multiple levels according to different demands.

Intelligent Basketball Equipment

SS-K2101

Product Parameter

Voltage	AC100-240V
Product size	166*236.5*362cm
Ball capacity	1~3 Balls
Ball size	6# or 7#
Max power	360W
Serve distance	4~10m
Frequency	1.5-7S/Ball
Net weight	118KG

Product Features

- 1.Fixed-point drills
- 2.Horizontal drills
- 3.Adjustable speed and frequency
- 4.Adjustable elevation angles

Click/Scan the QR code for its video

Remote

Product Highlights

1. Equipped with wireless remote control, one-button to start, easy adjustment of serving parameters for efficient training;
2. Intelligent induction serving, with unique spin function, variety serving modes available;
3. The speed, frequency and angle can be adjusted in multiple levels according to different demands;
4. Folding net to save space, moving wheels to change the venue easily.

Intelligent Basketball Equipment

SS-K2101A

Product Parameter

Voltage	AC100-240V
Product size	166*236.5*362cm
Ball capacity	1~3 Balls
Ball size	6# or 7#
Max power	360W
Serve distance	4~10m
Frequency	1.5-7S/Ball
Net weight	118KG

Product Features

- 1.Fixed-point drills, spin drills,random drills
- 2.Two-point, three-point, five-point and seven-point drills
- 3.Adjustable speed and frequency
- 4.Adjustable left and right angles

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Mobile APP and smart remote control is optional, easy to operate;
2. Intelligent induction serving, with unique spin function, variety serving modes available;
3. The speed, frequency and angle can be adjusted in multiple levels according to different demands;
4. Folding net to save space, moving wheels to change the venue easily.

Intelligent Basketball Equipment

SS-K2100A

Product Parameter

Voltage	AC100-240V
Product size	166*236.5*362cm
Ball capacity	1~3 Balls
Ball size	6# or 7#
Max power	360W
Serve distance	4~10m
Frequency	1.5-7S/Ball
Net weight	126KG

Product Features

- 1.Fixed-point drills, spin drills,random drills
- 2.Two-point, three-point, five-point and seven-point drills
- 3.Adjustable speed and frequency
- 4.Timing, scoring, hit rate display

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Mobile APP and smart remote control is optional, easy to operate;
2. Intelligent induction serving, with unique spin function, variety serving modes available;
3. The speed, frequency and angle can be adjusted in multiple levels according to different demands;
4. Intelligent calculation program, high-definition LED screen synchronously displays the data of exercise time, number of balls, number of goals, and hit rate.

Intelligent Tennis Equipment

SS-T1

Product Parameter

Voltage	AC 100-240V
Product size	41*30*45.5-65cm
Ball capacity	90 Balls
Max power	50W
Net weight	11.4KG
Frequency	1.8~9s/Ball

Product Features

1. Remote control/Bluetooth APP Control
2. Fixed-point shot/flat shot/volley
3. Lob/Deep and light shot/spin shot
4. Speed adjustment/Frequency adjustment

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Wireless remote control/Bluetooth APP Control;
2. Remote upgrade/Abnormal alarm/Power on self test;
3. Suitable ball: Tournament balls/training balls;
4. Suitable for: School/Tennis hall/Training institutions/Tennis club;
5. Improve players' standard movements, practice forehand, backhand and footwork, and improve batting accuracy.

Intelligent Tennis Equipment

SS-T3

Product Parameter

Voltage	AC 100-240V
Product size	47*40*53-70cm
Ball capacity	120 Balls
Max power	170W
Net weight	16KG
Frequency	1.8~9s/ball

Product Features

1. Wide/medium two-line drills
2. Lob drills, vertical drills
3. Programmable drills (21 points)
4. Spin drills, deep light drills
5. Fixed point drills, random drills
6. Flat shot drills, volley drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. External power supply;
2. Fixed-point serve, flat shot, volley, lob;
3. Horizontal adjustment 60 gears, vertical adjustment 50 gears;
4. Deep and shallow balls, two-line balls, random balls;
5. Default 3 groups of programming settings;
6. In custom mode, you can program 21 landing points in the field at will;
7. Built-in software can be upgraded remotely;
8. APP controls multiple training modes and can also be customized.

Intelligent Tennis Equipment

SS-T5

Product Parameter

Voltage	DC 12V
Product size	47*40*53-70cm
Ball capacity	120 Balls
Max power	170W
Net weight	17KG
Frequency	1.8~9s/ball

Product Features

1. Wide/medium two-line drills
2. Lob drills, vertical drills
3. Programmable drills (21 points)
4. Spin drills, deep light drills
5. Fixed point drills, random drills
6. Flat shot drills, volley drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. High-end lithium battery, safer and longer lasting;
2. Fixed-point and two-line ball frequencies are adjustable;
3. Deep and shallow balls, two-line balls, random balls;
4. Horizontal adjustment 60 gears, vertical adjustment 50 gears;
5. Default 5 groups of programming settings;
6. In custom mode, you can program 21 landing points in the field at will;
7. Equipped with dust cover;
8. APP controls multiple training modes and can also be customized.

Intelligent Tennis Equipment

SS-T7

Product Parameter

Voltage	DC 12V
Product size	47*40*53-70cm
Ball capacity	12 Balls
Max power	170W
Net weight	17KG
Frequency	1.8~9s/ball

Product Features

1. Wide/medium two-line drills
2. Lob drills, vertical drills
3. Programmable drills (21 points)
4. Spin drills, deep light drills, three-line drills
5. Fixed point drills, random drills
6. Flat shot drills, volley drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Optional ball paths, omnipotent, professional choice;
2. Left and right hand mode optional;
3. Multiple difficulty modes are available;
4. Default 10 groups of programming settings;
5. Built-in BLDC stepper motor to accurately control the rotation-stop ratio;
6. Equipped with dust cover and cleaning tool kit;
7. High-end lithium battery, safer and longer lasting;
8. APP controls multiple training modes and can also be customized.

Intelligent Tennis Equipment

SS-T7new

Product Parameter

Voltage	DC 12V-18AH
Product size	46*36*50-75cm
Ball capacity	140 Balls
Max power	50W
Net weight	17.6KG
Frequency	1.8~9s/Ball

Product Features

1. Wide/Middle/Narrow Two-line ball
2. Self-programming
3. Independent programming of landing position
4. Fixed-point shot/flat shot/volley
5. Lob/Deep and light shot/spin shot
6. Full court random ball/Horizontal Random Ball

Remote

Bluetooth APP Control

Mini Program

Product Highlights

1. Intelligent voice control;
2. Wireless remote control/Bluetooth APP Control/WeChat mini program control;
3. The mini program supports sports data and duration statistics;
4. Built-in lithium battery, long-lasting outdoor mobility;
5. Horizontal angle adjustment 60levels/Vertical angle adjustment 60levels;
6. Remote upgrade/Abnormal alarm/Power on self test/Battery display;
7. Suitable ball: Tourment balls/training balls.

Intelligent Tennis Equipment

SS-T9

Product Parameter

Voltage	DC 12V-18AH
Product size	48.5*35.5*51.5-75cm
Ball capacity	150 Balls
Max power	50W
Net weight	17.5KG
Frequency	1.8~9s/Ball

Product Features

1. Wide/Middle/Narrow Two-line ball
2. Self-programming
3. Independent programming of landing position
4. Fixed-point shot/flat shot/volley
5. Lob/Deep and light shot/spin shot
6. Full court random ball/Horizontal Random Ball

Remote

Bluetooth APP Control

Mini Program

Product Highlights

1. Intelligent voice control;
2. AI follow-up training, AI return running;
3. Wireless remote control/Bluetooth APP Control/WeChat mini program control;
4. The mini program supports sports data and duration statistics;
5. Built-in lithium battery, long-lasting outdoor mobility;
6. Horizontal angle adjustment 60levels, Vertical angle adjustment 60levels.

Intelligent Tennis Equipment

SS-T2202A

Product Parameter

Voltage	AC100-240V/DC 12V
Product size	57*41*51-84cm
Ball capacity	150 Balls
Max power	360W
Net weight	25.5KG
Frequency	1.8~9s/ball

Product Features

1. Wide/medium/narrow two-line drills
2. Lob drills, vertical drills
3. Programmable drills (21 points)
4. Spin drills, deep-light drills
5. Fixed-point drills, random drills
6. Flat-shot drills, volley drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Smart wireless remote control and mobile phone APP control;
2. Intelligent drills, customized serving speed, angle, frequency, spin, etc;
3. Intelligent landing-point programming, 21 points optional, multiple serving modes, making training accurate;
4. Drills frequency of 1.8-9 seconds, helping improve players' reflexes, physical fitness and stamina;
5. Enable players to standardize basic movements, practice forehand and backhand, footwork, and improve the accuracy of ball hitting.

Intelligent Tennis Equipment

SS-T2300A

Product Parameter

Voltage	AC100-240V/DC 12V
Product size	57*41*51-84cm
Ball capacity	150 Balls
Max power	360W
Net weight	26KG
Frequency	1.8~9s/ball

Product Features

1. Wide/medium/narrow two-line drills
2. Lob drills, vertical drills
3. Programmable drills (21 points)
4. Spin drills, deep-light drills, three-line drills
5. Fixed-point drills, random drills
6. Flat-shot drills, volley drills

4. Drills frequency of 1.8-9 seconds, helping improve players' reflexes, physical fitness and stamina;
5. Enable players to standardize basic movements, practice forehand and backhand, footwork, and improve the accuracy of ball hitting.

Intelligent Tennis Equipment

SS-T2000A

Product Parameter

Voltage	Input 100-240V output 24V
Product size	106*106*151cm
Ball capacity	100 Balls
Max power	120W
Net weight	15KG
Frequency	1.8~9s/ball

Product Features

1. Remote control
2. Adjustable frequency

Click/Scan the QR code for its video

Remote

Product Highlights

1. Triangular bracket support, firm and stable;
2. Drills frequency 1.8-9 seconds, practice forehand and backhand, footsteps, and footwork to improve the accuracy of returning the ball;
3. Equipped with a large-capacity receiving basket to increase ball touching rate and improve training efficiency;
4. The training rhythm can be switched freely, the operation is simple, good playmate.

Intelligent Padel and Tennis Ball Machine

SS-TB1

Product Parameter

Voltage	AC 100-240V
Product size	43*30.5*45.5-65cm
Ball capacity	100 Balls
Max power	50W
Net weight	11.4KG
Frequency	1.8~9s/Ball

Product Features

1. Remote control/APP control
2. Fixed ball, Flate stroke ball, Volley ball
3. Lob ball, Deep-light ball, Spin ball
4. Speed&Frequency adjustment

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Remote control/APP control;
2. Remote software upgrade, abnormal alarm reminder, power-on self-test;
3. Suitable for: Padel tennis;
4. Suitable for: padel tennis halls, schools, training institutions, families;
5. Improve players' movements, practice forehand, backhand and footwork movements, and improve hitting accuracy.

Intelligent Padel and Tennis Ball Machine

SS-TB6

Product Parameter

Voltage	DC 12V-18AH
Product size	48.5*35.5*51.5-75cm
Ball capacity	150 Balls
Max power	50W
Net weight	17.5KG
Frequency	1.8~9s/Ball

Product Features

1. Narrow/Middle/Wide two line
2. Custom programming, cross line ball
3. Self-programming placement
4. Fixed ball, Flate stroke ball, Volley ball
5. Lob ball, Deep-light ball, Spin ball
6. Whole court ball and horizontal ball

Remote

Bluetooth APP Control

Mini Program Control

Product Highlights

1. Intelligent voice control;
2. Remote control/APP control/Wechat Program control;
3. The mini program supports sports data and duration statistics;
4. Built-in lithium battery;
5. 60 levels of horizontal adjustment and 50 levels of vertical adjustment;
6. Remote software upgrade, abnormal alarm reminder, power-on self-test, power display;
7. Suitable for: Padel tennis.

Intelligent Padel and Tennis Ball Machine

SS-TP210

Product Parameter

Voltage	AC100-240V/DC 12V
Product size	58*42*52-85cm
Ball capacity	170 Balls
Max power	360W
Net weight	29KG
Frequency	1.8~9s/ball

Product Features

- 1.Fixed-point drills, random drills
- 2.Flat-shot drills, volley drills
- 3.Wide/medium/narrow two-line drills
- 4.Lob drills, vertical drills
- 5.Programmable drills (35 points)
- 6.Spin drills, three-line drills, cross line

Click/Scan the QR code for its video

Remote

Product Highlights

1. Smart drills, customize the serving speed, angle, frequency, spin, etc.;
2. Intelligent landing programming, 35 optional points, intelligent fine-tuning of pitch angle and horizontal angle;
3. Customized training program, multiple modes of fixed-point drills, two-line drills, cross-line drills and random drills are optional;
4. The serving frequency is 1.8-9 seconds, helping players to quickly improve their competitive strength.

Intelligent Pickleball Equipment

SS-C1

Product Parameter

Voltage	AC 100-240V
Product size	43*30.5*45.5-65cm
Ball capacity	60 Balls
Max power	50W
Net weight	11.4KG
Frequency	1.8~9s/Ball

Product Features

- 1.Remote control/APP control
- 2.Dink ball, Net ball, Non-volley ball
- 3.Fixed ball, Flate stroke ball, Volley ball,
- 4.Lob ball, Deep-light ball, Spin ball
- 3.Speed&Frequency adjustment

Remote

Bluetooth APP Control

Product Highlights

1. Remote control/APP control;
2. Remote software upgrade, abnormal alarm reminder, power-on self-test;
3. Suitable for : Standard 40-hole outdoor balls , Standard 26-hole indoor balls;
4. Suitable for: pickleball halls, training institutions, private clubs;
5. Improve players' movements, practice forehand, backhand and footwork movements, and improve hitting accuracy.

Intelligent Pickleball Equipment **NEW**

SS-C6

Product Parameter

Voltage	DC 12V-18AH
Product size	46*36*50-75cm
Ball capacity	100 Balls
Max power	120W
Net weight	17.3KG
Frequency	1.8~9s/Ball

Product Features

- 1.Narrow/Middle/Wide two line
- 2.Custom programming, cross line ball
- 3.Self-programming placement
- 4.Dink ball, Net ball, Non-volley ball
- 5.Fixed ball, Flate stroke ball, Volley ball, Lob ball
- 6.Deep-light ball, Spin ball, Horizontal /Whole court random ball

Remote

Bluetooth APP Control

Mini Program

Product Highlights

1. Intelligent voice control;
2. Remote control/APP control/Wechat Mini Program control;
3. The mini program supports sports data and duration statistics;
4. Built-in lithium battery, suitable for outdoor using;
5. 60 levels of horizontal adjustment and 50 levels of vertical adjustment;
6. Remote software upgrade, abnormal alarm reminder, power-on self-test, power display.

Intelligent Pickleball Equipment

SS-C2401A

Product Parameter

Voltage	DC 12V-18AH
Product size	58*43*53-76cm
Ball capacity	100 Balls
Max power	120W
Net weight	19.5KG
Frequency	1.8~9s/Ball

Product Features

- 1.Narrow/Middle/Wide two line
- 2.Custom programming, cross line ball
- 3.Self-programming placement
- 4.Dink ball, Net ball, Non-volley ball
- 5.Fixed ball, Flate stroke ball, Volley ball, Lob ball
- 6.Deep-light ball, Spin ball, Horizontal /Whole court random ball

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Remote control/APP control;
2. Built-in lithium battery, suitable for outdoor using;
3. 60 levels of horizontal adjustment and 50 levels of vertical adjustment;
4. Remote software upgrade, abnormal alarm reminder, power-on self-test, power display;
5. Suitable for : Standard 40-hole outdoor balls , Standard 26-hole indoor balls.

Smart Indoor Tennis Trainer

SS-TX1

Product Parameter

Voltage	AC 100-240V
Product size	41*30*45.5-65cm
Ball capacity	90 Balls
Max power	50W
Net weight	11.4KG
Frequency	1.8~9s/Ball

Product Features

1. Wireless Remote/Bluetooth App Control
2. Fixed-position Drives & Volleys
3. Lobs, Short/Deep Shots & Spin Shots
4. Horizontal Random / Full-court Random
5. Speed & Frequency Adjustment
6. Horizontal/Vertical Angle Control

Remote

Bluetooth APP Control

Product Highlights

1. Smart Indoor Tennis Trainer (Court Edition);
2. Wireless Remote/Bluetooth App Control;
3. OTA Firmware Updates • Error Alerts • Power-on Self-test;
4. Ball Compatibility: Match & Practice Balls;
5. Target Users: Tennis Academies • Schools • Clubs • Training Centers;
6. Improves stroke mechanics, footwork patterns, and shot accuracy.

Smart Indoor Tennis Trainer

SS-T2402A

Product Parameter

Voltage	AC100-240V
Product size	58*43*51-76cm
Ball capacity	130 Balls
Max power	65W
Net weight	19.5KG
Frequency	1.8~9s/ball
Serving distance	length 3-12m, width 1-4.5m

Product Features

1. Medium two-line drills
2. Lob drills, vertical drills
3. Programmable drills (35 points)
4. Spin drills, deep-light drills
5. Fixed point drills, random drills
6. Flat shot drills, volley drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Specially used for indoor tennis training;
2. In custom mode, you can program 35 landing points in the field at will;
3. 10 programming serves;
4. Low power saves more electricity;
5. 60 gears of horizontal adjustment for serving;
6. APP controls multiple training modes and can also be customized.

Smart Indoor Tennis Trainer

SS-T2403A

Product Parameter

Voltage	AC100-240V
Product size	47*40*53-70cm
Ball capacity	120 Balls
Max power	80W
Net weight	15.3KG
Frequency	1.8~9s/ball
Serving distance	length 3-12m, width 1-5m

Product Features

1. Wide/medium/narrow two-line drills
2. Lob drills, vertical drills
3. Programmable drills (35points)
4. Spin drills, deep-light drills, three-line drills
5. Fixed point drills, random drills
6. Flat shot drills, volley drills

Smart Indoor Padel Trainer

SS-BX1

Product Parameter

Voltage	AC 100-240V
Product size	43*30.5*45.5-65cm
Ball capacity	100 Balls
Max power	50W
Net weight	11.4KG
Frequency	1.8~9s/Ball

Product Features

1. Wireless Remote/Bluetooth App Control
2. Fixed-position Drives & Volleys
3. Lobs, Short/Deep Shots & Spin Shots
4. Horizontal Random / Full-court Random
5. Speed & Frequency Adjustment
6. Horizontal/Vertical Angle Control

Bluetooth APP Control

Product Highlights

1. Smart Indoor Padel Trainer (Court Edition);
2. Wireless Remote/Bluetooth App Control;
3. OTA Firmware Updates • Error Alerts • Power-on Self-test;
4. Ball Compatibility: Standard Padel Balls;
5. Target Users: Padel Academies • Schools • Clubs • Training Centers;
6. Improves stroke mechanics, footwork patterns, and shot accuracy.

Smart Indoor Pickleball Trainer

SS-CX1

Product Parameter

Voltage	AC 100-240V
Product size	43*30.5*45.5-65cm
Ball capacity	60 Balls
Max power	50W
Net weight	11.4KG
Frequency	1.8~9s/Ball

Product Features

1. Wireless Remote/Bluetooth App Control
2. Dink • Net Attack • NVZ Shot
3. Target Practice • Drive • Volley • Lob
4. Depth Variation • Spin Shot • Horizontal/Full-court Randomized
5. Speed & Frequency Adjustment
6. Horizontal/Vertical Angle Control

Intelligent Badminton Equipment

SS-B3

Product Parameter

Voltage	AC 100-240V
Product size	122*103*210-290cm
Ball capacity	200shuttles
Horizontal angle	70 degrees (remote control)
Max power	230W
Net weight	19KG
Frequency	0.75~7.0s/shuttle
Elevation angle	-15 to 35 degrees (electronic)

Product Features

1. Two kinds of cross-line drills
2. APP controls multiple training modes
3. Two-line drills, square drills
4. High clear drills, net ball drills, flat drills

Click/Scan the QR code for its video

Remote

Product Highlights

1. 60-level quick adjustment of horizontal and vertical angles;
2. Remote upgrade and power-on self-test;
3. Load 200 balls to make your practice more enjoyable;
4. Wear-resistant serving wheel, no ball jam or ball picking;
5. Wireless remote control intelligent parameter adjustment.

Intelligent Badminton Equipment

SS-B5

Product Parameter

Voltage	AC100-240V/DC12V
Product size	122*103*230-300cm
Ball capacity	200shuttles
Horizontal angle	70 degrees (remote control)
Max power	230W
Net weight	26KG
Frequency	0.75~7.0s/shuttle
Elevation angle	-15 to 33 degrees (electronic)

Product Features

1. Four kinds of cross-line drills
2. Programmable drills, (21points)
3. Two-line drills, square drills
4. High clear drills, smash drills, net ball drills, flat drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Load 200 balls to make your practice more enjoyable;
2. The ball is released faster, with the fastest time being 0.75S;
3. Anti-skid moving wheels and manual lifting;
4. Built-in power supply, can play for half a day when fully charged;
5. APP controls multiple training modes and can also be customized.

Intelligent Badminton Equipment

SS-B7

Product Parameter

Voltage	AC100-240V/DC12V
Product size	122*103*230-300cm
Ball capacity	200shuttles
Horizontal angle	70 degrees (remote control)
Max power	230W
Net weight	26KG
Frequency	0.75~7.0s/shuttle
Elevation angle	-15 to 33 degrees (electronic)

Product Features

1. Six kinds of cross-line drills
2. Programmable drills, (21points)
3. Two-line drills, three-line drills, square drills
4. High clear drills, smash drills, net ball drills, flat drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Full coverage and overwhelming strength;
2. Built-in power supply, can play for half a day when fully charged;
3. The ball is released faster, with the fastest time being 0.75S;
4. Hidden serving wheel makes technology more humanistic;
5. APP controls multiple training modes and can also be customized.

Intelligent Badminton Equipment

SS-B2202A

Product Parameter

Voltage	AC100-240V/DC12V
Product size	122*103*240-305cm
Ball capacity	200shuttles
Horizontal angle	30 degrees (remote control)
Max power	360W
Net weight	31KG
Frequency	1.2~5.5s/shuttle
Elevation angle	-15 to 33 degrees (electronic)

Product Features

1. Two kinds of cross-line drills
2. Programmable drills, (14points)
3. Two-line drills, Random drills
4. High clear drills, smash drills, net ball drills, flat drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Intelligent serving, height can be set freely, (speed, frequency, angle can be customized etc);
2. Intelligent landing point programming, two kinds of cross ball, could be any combination of vertical swing ball, high clear ball, and smash ball;

Intelligent Badminton Equipment

SS-B2300A

Product Parameter

Voltage	AC100-240V/DC12V
Product size	122*103*240-305cm
Ball capacity	200shuttles
Horizontal angle	30 degrees (remote control)
Max power	360W
Net weight	31KG
Frequency	1.2~5.5s/shuttle
Elevation angle	-15 to 33 degrees (electronic)

Product Features

1. Four kinds of cross-line drills
2. Programmable drills, (14points)
3. Two-line drills, three-line drills
4. High clear drills, smash drills, net ball drills, flat drills

Click/Scan the QR code for its video

Remote

Bluetooth APP Control

Product Highlights

1. Smart remote control or mobile App control, one click to start, enjoy sports easily;
2. Intelligent serving, height can be set freely, (speed, frequency, angle can be customized etc);
3. Multi-function serving: two-line drills, three-line drills, net ball drills, flat drills, high clear drills, smash drills etc.

Intelligent Badminton Equipment

SS-S4025A

3. Multi-function serving: two-line drills, three-line drills, net ball drills, flat drills, high clear drills, smash drills etc.

Intelligent Badminton Equipment

SS-S8025A

Product Parameter

Voltage	AC100-240V
Product size	105*64.2*250-312cm
Ball capacity	400shuttles
Horizontal angle	Low 73 High 35
Max power	360W
Net weight	80KG
Frequency	0.7-8.0s/shuttle
Elevation angle	-16 to 33 degrees (electronic)

Product Features

1. Six kinds of cross-line drills
2. Programmable drills, (21points)
3. Two-line drills, three-line drills, square drills
4. Netball drills, flat drills, High clear drills, smash drills

Click/Scan the QR code for its video

Remote

Display

Product Highlights

1. Both tablet computer control & smart remote control , one click to start, enjoy sports easily ;
2. Intelligent serving, height can be set freely, (speed, frequency, angle can be customized etc);
3. Large capacity ball cage, serving continuously, greatly improve sports efficiency.

Intelligent Football Equipment

SS-F2101

Remote

Click/Scan the QR code for its video

Product Parameter

Voltage	AC 100-240V
Product size	93*72*129cm
Ball capacity	15 Balls
Ball size	5#
Max power	360W
Net weight	102KG
Frequency	4.5~8s/ball
Serve distance	5~20m

Product Features

1. Fixed-point drills, random drills
2. Vertical and horizontal drills
3. Wide/medium/narrow two-line, three-line drills
4. Ground ball drills, header drills
5. Cycle cross-line drills
6. Programmable drills (35 points)
7. Spin drills
8. Adjustable horizontal angles

Product Highlights

1. Intelligent induction serving, customized setting of serving parameters, a variety of serving modes optional;
2. Intelligent landing-point programming, adjustable serving speed, angle, frequency, spin etc;
3. A variety of modes switchable, including fixed-point drill, two-line and three-line drills, lob and low drills, random drills and spin drills.

Product size	93*72*129cm
Ball capacity	15 Balls
Ball size	5#
Max power	360W
Net weight	102KG
Frequency	4.5~8s/ball
Serve distance	5~20m

Product Features

- | | |
|---|-----------------------------------|
| 1. Smart phone APP control | 5. Remote control |
| 2. Fine-tuning of both horizontal and vertical angles | 6. Programming drills (35 points) |
| 3. Wide/medium/narrow two-line, three-line drills | 7. Spin drills |
| 4. Ground ball drills, header drills | 8. Cycle cross-line drills |

Product Highlights

1. Intelligent wireless remote control or connected to mobile APP; Easy, convenient and efficient;
2. Intelligent landing-point programming, adjustable serving speed, angle, frequency, spin etc;
3. The horizontal angle and elevation angle can be fine-tuned, and the ground ball drills, header drills, spin drills, cross-line drills, etc. can be switched at will.

Intelligent Volleyball Equipment

SS-V2201A

Product Parameter

Voltage	AC 100-240V
Product size	114*66*320cm
Ball capacity	30balls
Max power	360W
Net weight	170KG
Frequency	4.6~8s/ Balls

Product Features

1. Smart phone APP control
2. Vertical two-point, three-point and five-point drills
3. Two-line drills, three-line drills
4. Spin drills
5. Programmable drills (35 points)
6. Horizontal drills (30 points)
7. Fixed-point drills, random drills
8. Smash drills

code for its video

Remote

Bluetooth APP
Control

Product Highlights

1. Smart ball feeding, machine controlled by remote or smartphone APP;
2. Able to program new drills; speed, frequency, angle and spin adjustable;
3. Pre-set drills including two-line drills, three-line drills, fixed-point drills, random drills, spin drills, smash drills etc.

Adult Volleyball Training Equipment

SS-V2101L

Product Parameter

Product size	253*107*292-422cm
Lifting range	1.6~2.9m
Net weight	90KG

Click/Scan the QR code for its video

Product Highlights

1. Multi-function volleyball trainer to train different skills including smashing, reception, passing, digging and lobbing;
2. Scientific design, automatic ball feeding due to gravity, proper for singles or doubles training;
3. Good for people with different sports level or height;
4. Detachable big-capacity ball container, automatic ball feeding due to gravity through the arms;
5. Wheels to move anywhere at anytime;
6. Professional volleyball playmate for daily sporting, training or coaching.

Intelligent Table Tennis Serve Machine

SS-P6

Product Parameter

Voltage	AC 100-240V
Product size	109.5*70.6*44.4cm
Ball capacity	120 Balls
Max power	50W
Net weight	11KG
Frequency	12-100 pcs/min

Product Features

1. Bluetooth APP control
2. Single-point training, dual-point training, multi-point training
3. Random serve, custom programming
4. Curve adjustment, rotation adjustment, ball speed
5. 48 built-in training modes
6. Three-axis steering serve

Click/Scan the QR code for its video

Bluetooth APP Control

Product Highlights

1. Bluetooth APP control;
2. Automatic recycling system;
3. Intelligent custom programming to simulate real confrontation;
4. 48 training modes of different difficulty;
5. It has been used in sports school entrance examinations, school and table tennis club table tennis test projects;
6. Suitable for the crowd: table tennis halls, clubs, schools, families.

Intelligent Squash Ball Equipment

SS-S336A

Product Parameter

Voltage	AC100-240V/DC 12V
Product size	42*35.5*62cm
Ball capacity	80balls
Max power	360W
Net weight	21KG
Frequency	1.8~9s/ Balls

Product Features

- 1.Fixed-point drills
- 2.Programmable drills
- 3.Random drills
- 4.Vertical drills, deep-short drills
- 5.Spin drills (topspin and backspin)
- 6.Cross-line drills
- 7.Horizontal drills (wide/ medium/ narrow two-line drills, three-line drills)

Remote

Bluetooth APP Control

Product Highlights

1. Both remote control and App control, intelligent induction serving, custom setting of serving speed, angle, frequency, rotation, etc);
2. Intelligent landing point programming, self-programmed training of multiple serving modes, free choice of 6 cross-circulating ball modes;
3. Drills frequency of 1.8-9 seconds, which can help improve players' reflexes, physical fitness and endurance.

Intelligent Racket Stringing Equipment

SS-S3 Badminton only

Product Parameter

Voltage	AC 100-240V
Power	50W
Suitable for	Badminton rackets
Net weight	53.5KG
Color	Red/Black
Size	Lowest: 96*48*109cm Highest: 96*48*124cm

Click/Scan the QR code for its video

Product Features

- | | |
|------------------------|-----------------------------|
| 1.Adjustable speed | 7. Constant pull function |
| 2.Adjustable kgs/lbs | 8. Knot function |
| 3.Adjustable sound | 9.Tool box |
| 4.Self-check function | 10. Adjustable height |
| 5.Storage function | 11. Automatic lock function |
| 6.Pre-stretch function | 12. Brake function |

Product Highlights

1. Intelligent cable tray, easier operation;
2. Photoelectric sensor, knotting to increase weight;
3. Computerized wire drawing, more precise control of poundage;
4. Brand new stylish appearance and Intelligent operation panel.

Intelligent Racket Stringing Equipment

SS-S5 Badminton only

Product Parameter

Voltage	AC 100-240V
Power	50W
Racket Type	Badminton rackets
Net weight	53.5KG
Color	Blue/White/Blac
Product size	Lowest: 95.8*49.5*109cm Highest: 95.8*49.5*124cm

Click/Scan the QR code for its video

Product Features

1. Adjustable Pulling Speed	6. Pre-Stretching Function
2. KG /LB conversion	7. Constant Tension
3. LCD Tactile Screen Control Panel	8. One-Touch Knot Tension Boost
4. Power-On Self-Test	9. Stringing Toolkit
5. Pre-Set Tension Value	10. Height-Adjustable

Product Highlights

1. Collet-Type Quad-Finger Clamps;
2. 6.2-inch HD Tactile LCD Screen Control Panel;
3. Opto-Electronic Knot Tension Boost;
4. Constant Pull (± 0.1 lb Precision);
5. Ergonomic Height-Adjustable Workstation;
6. Synchronized Mounting System: Stable Support.

Intelligent Racket Stringing Equipment

SS-S6 Tennis & Badminton

Product Parameter

Voltage	AC 100-240V
Power	50W
Suitable for	Badminton and tennis rackets
Net weight	55KG
Color	Red/Black
Size	Lowest: 106*48*109cm Highest: 106*48*124cm

Click/Scan the QR code for its video

Product Features

1. Adjustable speed	7. Constant pull function
2. Adjustable kgs/lbs	8. Knot function
3. Adjustable sound	9. Tool box
4. Self-check function	10. Adjustable height
5. Storage function	11. Automatic lock function
6. Pre-stretch function	12. Brake function

Product Highlights

1. Universal for badminton and tennis, more flexible and practical in space;
2. Photoelectric sensor, knotting to increase weight;
3. Intelligent weight increase, the string force is more evenly distributed and can be used for a longer time.

Intelligent Racket Stringing Equipment

SS-S7 Badminton only

Product Parameter

Voltage	AC 100-240V
Power	50W
Racket Type	Badminton rackets
Net weight	54.1KG
Color	Blue/White/Blac
Product size	Lowest: 91.9*49.1*109cm Highest: 91.9*49.1*124cm

Click/Scan the QR code for its video

Product Features

- | | |
|-------------------------------------|---------------------------------|
| 1. Adjustable Pulling Speed | 7. Constant Tension |
| 2. KG /LB conversion | 8. One-Touch Knot Tension Boost |
| 3. LCD Tactile Screen Control Panel | 9. Stringing Toolkit |
| 4. Power-On Self-Test | 10. Height-Adjustable |
| 5. Pre-Set Tension Value | 11. Auto-Locking Turntable |
| 6. Pre-Stretching Function | 12. Emergency Brake Function |

Product Highlights

1. Collet-Type Quad-Finger Clamps;
2. 6.2-inch HD Tactile LCD Screen Control Panel;
3. Constant Pull (± 0.1 lb Precision);
4. Intelligent-Lock Auto-Positioning System, Boost Stringing Efficiency;
5. Ergonomic Height-Adjustable Workstation.

Intelligent Racket Stringing Equipment

SS-S516 Badminton only

Product Parameter

Voltage	AC 100-240V
Suitable for	Badminton rackets
Size	46*94*111cm
Power	35W
Net weight	29.5KG
Colour	Black

Click/Scan the QR code for its video

Product Features

- | | |
|------------------------|--------------------------|
| 1. Adjustable speed | 5. Storage function |
| 2. Adjustable kgs/lbs | 6. Pre-stretch function |
| 3. Adjustable sound | 7. Pull/release function |
| 4. Self-check function | 8. Knot function |

Product Highlights

1. Stable constant pull function, power-on self-checking, automatic fault detection function;
2. Storage memory function, four groups of pounds can be arbitrarily set for storage;
3. Set up four sets of prestretching functions to reduce damage to the strings;
4. Knotting and pounds increasing setting, automatic reset after knotting and stringing.

Intelligent Racket Stringing Equipment

SS-S616 Tennis & Badminton

Product Parameter

Voltage	AC 100-240V
Suitable for	Badminton and tennis rackets
Size	46*94*111cm

Product Features

- | | |
|-----------------------|--------------------------|
| 1.Adjustable speed | 5.Storage function |
| 2.Adjustable kgs/lbs | 6.Pre-stretch function |
| 3.Adjustable sound | 7.Constant pull function |
| 4.Self-check function | 8.Knot function |

Product Highlights

1. Stable constant pull function, power-on self-checking, automatic fault detection function;
2. Storage memory function, four groups of pounds can be arbitrarily set for storage;
3. Set up four sets of prestretching functions to reduce damage to the strings;
4. Memory function of pulling times and setting of three-speed pulling speed.

Intelligent Racket Stringing Equipment

SS-S3169 Tennis & Badminton

Product Parameter

Voltage	AC 100-240V
Suitable for	Badminton and tennis rackets
Size	100*47*110cm
Power	35W
Net weight	39KG
Colour	Black

Click/Scan the QR code for its video

Product Features

1.Adjustable speed	5.Storage function
2.Adjustable kgs/lbs	6.Pre-stretch function
3.Adjustable sound	7.Constant pull function
4.Self-check function	8.Knot function

Product Highlights

1. Stable constant pull function, power-on self-checking, automatic fault detection function;
2. Storage memory function, four groups of pounds can be arbitrarily set for storage;
3. Set up four sets of prestretching functions to reduce damage to the strings;
4. Memory function of pulling times and setting of three-speed pulling speed.

Small Computer Head for Stringing Machines

SS-S8198 Tennis & Badminton

Product Parameter

Voltage	AC 100-240V
Suitable for	Badminton and tennis rackets
Size	74*14*55cm
Power	35W
Net weight	5.78KG
Colour	Black

Click/Scan the QR code for its video

Product Features

1.Adjustable speed	5.Storage function
2.Adjustable kgs/lbs	6.Pre-stretch function
3.Adjustable sound	7.Constant pull function
4.Self-check function	8.Knot function

Product Highlights

1. Stable constant pull function, power-on self-checking, automatic fault detection function;
2. Storage memory function, four groups of pounds can be arbitrarily set for storage;
3. Set up four sets of prestretching functions to reduce damage to the strings;
4. Memory function of pulling times and setting of three-speed pulling speed.

Demi children's intelligent basketball machine

Product Parameter

Voltage	Input 100-240V output 12V
Product size	91*76*152cm
Ball capacity	1balls
Ball size	4#
Power	120W
Net weight	30KG
Frequency	5~10s/ Balls
Serve distance	1~3m
Safe distance	0.5-1m

Product Features

1. Protection device within 0.5 meters
2. Adjustable strength and frequency (1-6 gears)
3. Fixed-point drills
4. Training mode

Bluetooth APP Control

Children's Tennis/Baseball Machine

SS-TA210

Product Parameter

Product size	27.5x21.2x39cm
Adapter	24V/6A
Power	144W
Net weight	4.4KG

Click/Scan the QR code for its video

Product Highlights

1. Tennis ball or baseball floating in the air, infinitely variable speed control, adjustable height, suitable for children of all ages;
2. Stimulate children's sports interest at a glance, develop creative thinking, and cultivate good sports habits;
3. 360° forehand and backhand service and batting training can be carried out, and the enlightenment of baseball sports can be opened in all directions;
4. Matching EVA material standard training sponge ball, light, safe and durable.

Demi Children's Volleyball Trainer

SS-V2101S

Product Parameter

Product size	155.5*107.2*194.5 ~248cm
Lifting range	0.8~1.4m
Net weight	48.45KG

Click/Scan the QR code for its video

Product Highlights

1. All-in-one multi-function volleyball practice device, which can train various skills such as hitting, catching, passing, and padding;
2. Help children exercise the coordination of limbs, improve their sensitivity, stimulate bone growth, and shape a good posture;
3. Pure mechanical ingenious design realizes automatic slide, stop, etc., energy saving and durable;
4. Height is adjustable, and the height can be set freely, which is suitable for children of different ages, heights and levels;
5. The top is equipped with a large-capacity detachable catching bucket, which is connected to the ball rack to automatically slide the ball, making the movement more efficient;
6. The bottom is equipped with a 360° universal wheel, which can easily move a variety of scene training;
7. It can be used for sports teaching, daily exercise, parent-child interaction, etc., to accompany children to grow up healthily and happily.

Demi Kids' Smart Soccer Equipment

SS-F2100

Product Parameter

Voltage	DC 5V 1A
Ball size	3#
Product size	120*60*60cm
Ball capacity	1~3 Balls
Net weight	9.69KG

Click/Scan the QR code for its video

Product Features

1. Real-time display of hit rate, number of goals, and time of goals
2. With automatic rebound device, no need to pick up the ball

Product Highlights

1. Fun sports guidance, football interest enlightenment, and develop children's good sports habits from an early age;
2. According to the characteristics of children's physical and mental development, fashionable and simple color matching, cartoon cute appearance;
3. Double goal configuration, with its own ball return track, with colorful LED indicator system, to help train children's reaction ability;
4. Automatic timing and scoring, LED screen displays data such as the number of balls, the number of goals, etc.;
5. Wired power supply and power bank dual power supply, enjoy sports at any time;
6. Can be connected to a Bluetooth speaker to open an immersive experience that perfectly combines music and sports;
7. It can be used for children's daily football practice, sports enlightenment, parent-child interaction, etc., to accompany children to grow up healthily and happily.
